WELCOME TO FLYING TEACHERS, YOUR RELIABLE PARTNER FOR LANGUAGES AND PROFESSIONAL DEVELOPMENT

We understand language as the foundation for professional and personal growth. That is why we have established ourselves as an innovative language school specialising in in-company and industry-specific language and business courses.

Our core pillars – 100% individual and maximally flexible

What we offer:

- Flexible learning formats: in-person, hybrid, or online courses
- Tailored corporate courses
- Examination centre with globally recognised certificates
- Diverse modular offerings
- Innovative and modern online learning resources and IT tools
- Digital homework platforms for self-study
- Highly trained teachers with strong pedagogical expertise

Our courses are tailored to your individual learning path. In-person, hybrid, or online. You decide how you learn best.

WHY FLYING TEACHERS?

Over 28 years of experience

Through professional needs analyses and a large pool of education specialists, we provide exactly what you need for your further training.

Flexibility and individualisation

Our focus is on tailored learning programmes and courses with maximum flexibility.

High quality standards

Our teachers are trained to the standards of the "Quality and Best Practice" certificate.

Blended learning approach

Whether hybrid, in-person, or online: all course formats can be flexibly combined.

Recognised examination centre

We hold numerous certifications and quality seals and conduct recognised language certifications.

Single point of contact

You benefit from a dedicated contact person who personally handles your needs and coordinates administrative processes efficiently and in a goal-oriented manner.

Tailored learning content, methods and materials

Your employees learn precisely what they need for their work. We align content with your goals and use industry- or company-specific materials, which we prepare didactically to enable efficient and effective learning.

Flexible course formats

Your employees learn flexibly in terms of time and location: online, in-person, through self-study, or a combination thereof. We put together the right format for your needs. In virtual sessions, we work with your preferred software.

Best-match: teachers

We select from our large pool the teachers who are best suited to your requirements, both professionally and methodologically. This ensures that your employees are guided professionally and in a targeted manner.

International know-how

We continuously develop our educational offerings and processes, keeping pace with current trends in Europe. Through a strong partner network, we promote the exchange of best practices and innovations. We pass this knowledge on to our teachers so that you can benefit from modern approaches and optimised quality and process standards.

International experience

Our network of qualified and reliable teachers extends beyond Switzerland and Germany. This allows us to guarantee the same high teaching quality at international locations and provide learners with a teacher who can communicate with them in their native language and who is familiar with local conditions and cultural aspects.

Thanks to our experience in organising and conducting cross-border training modules in virtual classrooms – even across different time zones – we ensure smooth operations and take the administrative load off your team.

Holistic language education

We combine intercultural language education with multilingual approaches and draw on extensive experience across industries to deliver effective, real-world learning solutions.

All-round service for your training measures

We support you at every stage, from initial concept and planning through to delivery and quality assurance. If needed, we take full ownership of all administrative and operational tasks, freeing up your team to focus on their core responsibilities. Our structured process management guarantees efficient workflows, transparent management, and quality assurance is provided through regular teacher observations, learner surveys, and feedback cycles. This gives you a complete solution that reduces complexity and achieves maximum impact for your company.

CONSULTATION

Our specialists work together with you to clarify your needs and the goals to be achieved.

CONCEPTION

A specialist with industry knowledge develops a tailored course programme based on your requirements.

IMPLEMENTATION

Experienced and qualified teachers conduct the courses, supported by the specialist management team.

EVALUATION

We evaluate the impact continuously and at the end, and measure learner satisfaction.

Course administration and organisation

All organisational processes are handled centrally via an online portal customised individually to your company. Your personal contact person coordinates all concerns and aligns our processes precisely to your requirements.

Process: organisation and administration

1. COURSE LISTING

The course offering is published on the online portal and, upon request, with printed materials.

2. REGISTRATION

Registrations are accepted via the on-line portal or by phone.

3. PLACEMENT

The free placement test is completed online. Results are sent immediately by e-mail.

4. GROUP FORMATION

Participants are assigned to appropriate groups or individual tuition based on location, placement test results, and preferences.

5. SCHEDULING

Course times are set according to the preferences of learning groups or individuals and in consultation with clients.

6. INVOICING

Invoicing as needed: consolidated invoices, billing per department/employee/cost centre, etc.

7. COURSE MATERIALS

Materials provided by us digitally and/or physically (distributed by the teacher).

8. REPORTING

Attendance, examination results, and learning progress are collected and communicated at regular intervals.

9. SUBSTITUTIONS

In the event of a teacher's absence, Flying Teachers provides a substitute teacher if needed.

10. EXAMINATION REGISTRATIONS

Pre-test for the examination. Registration of participants for the exam in consultation with clients.

11. EVALUATION

Participants are surveyed during and after the course. Evaluation takes place via the participant interface, in consultation with clients.

12. CONFIRMATIONS

Participation confirmations or certificates are made available on the participant interface.

WHAT IS FLYING TEACHERS SKILLS SCREENING?

Today, in a world shaped by technology and communication, language skills are decisive for success.

If you believe that your employees' communication skills are crucial to success, you have likely already wondered how these can be reliably assessed.

Flying Teachers Skills Screening allows you to measure communicative skills for specified job profiles and present them in three categories:

- **Exceeded:** performance goes beyond the required standard
- **Met:** performance meets the required standard
- **Not Met:** performance falls below the required standard

In order to perform well in the workplace, your employees must meet or exceed the required skills. This results in:

- Reduced training costs
- Increased efficiency
- Fewer errors
- Improved safety
- Higher confidence to master new challenges

COMPETENCY LEVELS FOR VARIOUS ACTIVITIES

Duties outlined in the job description

Skills screening

At the relevant level*

Activity	A1	A2	B1	B2	C1	C2
Presenting the company		●	●	●		
Welcoming a visitor		●	●	●		
Small talk		●	●	●		
Taking telephone calls			●			
Giving short presentations			●			
Making suggestions			●	●		
Actively participating in discussions			●	●		
Writing memos			●	●		
Writing short emails		●	●			
Responding to customer e-mails				●		
Writing reports				●		
Solving and documenting problems				●		
Giving longer presentations				●	●	
Resolving conflicts				●	●	
Conducting negotiations				●	●	

* minimum competency level for the activities

OUR TEACHING AND LEARNING PHILOSOPHY

Competency-oriented teaching

We are firmly committed to consistent competency orientation and teach practice-relevant skills that can be applied directly in everyday professional life. In detail, this means:

SPECIALIST MANAGEMENT

- Defines tailored learning objectives together with the companies
- Develops course materials and learning assessments based on in-company materials
- Trains teachers on company requirements, materials, and implementation
- Ensures course quality and supports teachers during delivery

TEACHING

- Builds on learners' existing knowledge
- Integrates the special skills, needs, and interests of learners
- Encompasses a variety of practical exercises and methods
- Has a motivating effect

TEACHERS

- Continuously analyses learners and their needs (level of knowledge / learning type, etc.)
- Develops and provides individualised and appropriate learning contexts
- Promotes learning strategies and guides learners through the process
- Places emphasis on application and helps learners apply new skills in their daily work

Our teaching concept: «Integrated learning»

Flying Teachers' teaching concept consists of 3 coordinated modules. This allows learners to combine learning content and methods and apply the language directly in practice.

Foundation course

Vocabulary and grammar

E-learning

Flexible support for the learning process

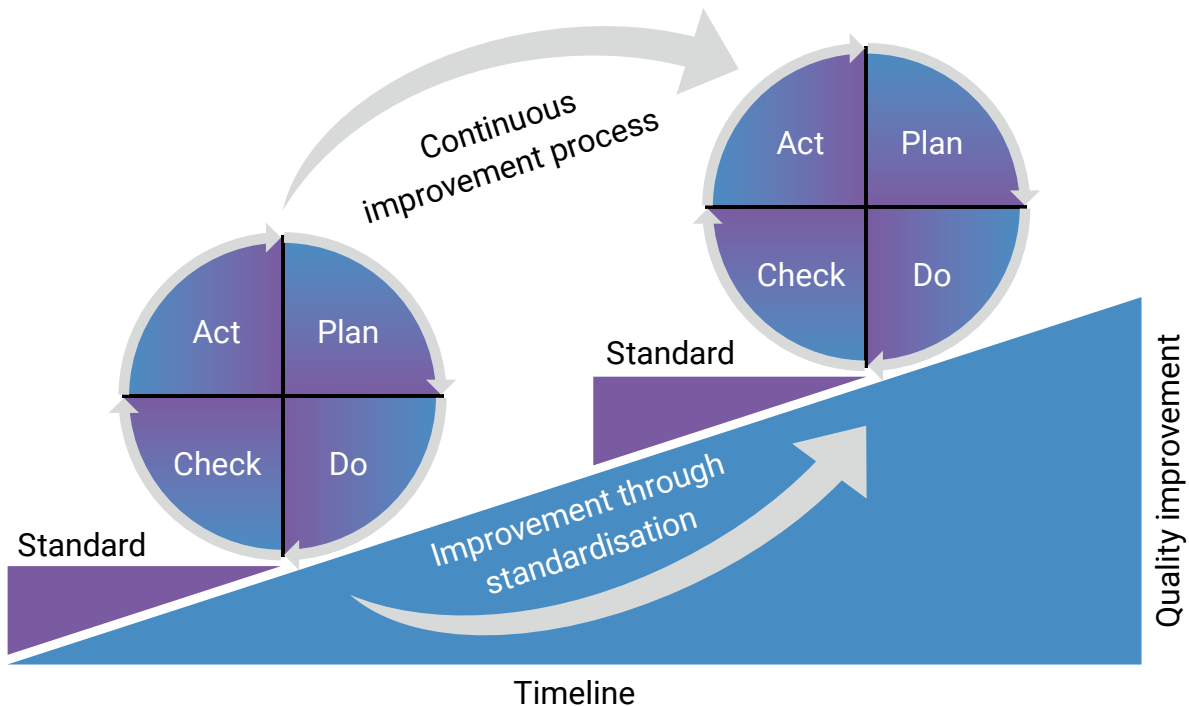

Business modules

Specialised language instruction: banking, insurance, commerce, production, medicine, hospitality and gastronomy

QUALITY MANAGEMENT

Our quality management is based on your ongoing feedback and course evaluation. Thanks to this Deming cycle (Plan–Do–Check–Act), we are able to continuously improve our processes and the quality of instruction.

Design and delivery of learning units

VISITATION	Observation of a teaching sequence by specialist management. Assessment based on standardised quality criteria.
EVALUATION	Survey of participant satisfaction regarding teaching quality and teacher at the beginning, middle, and end of the course.
LEARNING PROGRESS	Assessment by the teacher through continuous observations, regular interim tests, and a final test.
FEEDBACK	Ongoing participant feedback and concerns from participants to the teacher or administration.

Quality assurance process

ASSESSMENT	Visitation, evaluation, measurement of learning progress, participant feedback.
MEASURES	Feedback or report to the teacher with suggestions for improvement and measures for implementation.
IMPLEMENTATION	Implementation by the teacher in accordance with feedback.
REVIEW	Review of implementation (through renewed visitation or participant survey). If necessary, further cycle repetition.

Qualifications and support of teachers

QUALIFICATION	Minimum requirement: university degree and/or an internationally recognised language teacher diploma, a supplementary methodological-didactic qualification, and experience in adult education.
EXPERIENCE	Teacher selection based on best-match. Experience in teaching and/or own career path in the relevant industry.
COURSE INTRODUCTION	Introduction of the teacher to the specific course format and concept by specialist management. Tips for working with the target group and specific materials.
CONTINUING EDUCATION	Teachers are required to complete at least 15 hours of continuing education per year.

HOLISTIC LANGUAGE EDUCATION AND COMPETENCY SOLUTIONS

Industry-specific language courses

Practise typical professional situations and acquire vocabulary relevant to your working day.

General language courses for individuals

Train all language skills from the ground up, in group or individual instruction. Flexible intensity and practical content in multiple languages.

Certificates and preparation courses

Activate your team effectively and sustainably

Presentation techniques

Convincingly present yourself to your clients

Digital competencies

Social Media

Get started effectively through digital media

International Certificate of Digital Literacy (ICDL)

Deepen your digital skills

SUBSIDISED INTEGRATION PROGRAMMES

The funding programme «Einfach besser!... am Arbeitsplatz» (Simply Better!... in the Workplace) from the federal and cantonal governments supports the acquisition and maintenance of basic competencies for your employees. Benefit from tailored courses in oral communication, reading, writing, numeracy, and digital applications.

Flying Teachers accompanies you as an experienced, recognised partner through the entire process and handles the administrative side so you don't have to.

We equip your employees for current and future requirements in your company: language barriers are reduced, error rates lowered, digital competencies acquired, and productivity and efficiency increased.

With their newly acquired competencies, your employees can develop to their full potential. Satisfaction and motivation increase, and staff turnover decreases. Ultimately, a win for employees, your company, and your bottom line.

The federal government covers a large share of the costs!

« Our employees were extremely satisfied and found the course simply brilliant! The progress of each individual is clearly noticeable! Many thanks, Flying Teachers, for perfect preparation and support. And thank you to the teacher, who inspired and motivated our team with great enthusiasm. »

Simon Lüthi

Operations Manager, Egli's frische Küchenkräuter AG

Accredited IAZH courses in the Canton of Zurich

The aim is to deploy integration measures earlier, expand them, and intensify them, so that refugees can better contribute and develop their individual potential and participate in society. Flying Teachers is a school accredited by the Canton of Zurich (IAZH). All IAZH courses are also open to private individuals without entitlement to subsidies.

«Hoi Züri» – Full-time educational programme

The year-round programme prepares young people and young adults for upper secondary education. It comprises 28 weekly lessons with a focus on German (A2), mathematics, ICT, and general education. In addition to language support, participants learn about the Swiss job market and education system. Job application training, learning workshops, and guided self-study secure the transfer of learning. Shared activities promote personal development and foster social cohesion.

"Lernstube auf Tour" (Learning room on tour)

Together with the Cantonal Office for Upper Secondary and Vocational Education of the Canton of Zurich, Flying Teachers offers free support to everyone for job applications, computers and mobile phones, everyday numeracy, as well as reading and writing.

SPECIALISED COURSES IN MEDICINE & NURSING

Language courses for medical professions

Our many years of experience in specialised language training and development as well as in intercultural communication training is already being successfully used at universities of applied sciences for health professions and is continuously supplemented with new concepts for healthcare professions.

GERMAN B1–B2 FOR NURSES

- Successful communication with doctors, patients, nursing staff, and relatives
- Understanding care instructions, nursing assessments, and dialogues relating to care
- Writing accurate and professional reports
- Developing both listening and speaking skills in hospitals and elderly care

GERMAN B2–C1 FOR MEDICAL PROFESSIONALS

- Successfully conducting doctor-patient conversations
- Effective communication with nursing staff
- Writing standardised medical letters
- Using medical specialist language purposefully

TELC Medicine preparation course

For the certificates Deutsch B1–B2 Pflege and Deutsch B2–C1 Medizin, Flying Teachers offers special preparation courses.

Focus: Preparation for certificate examinations and examination questions.

Communication with patients

A course that focuses on the most important topics in communication with patients and relatives: hospital admission, diagnostic questions, describing symptoms, explaining treatment options as well as their process and effects.

Understanding specialist literature

Reading and understanding current specialist literature as a basis for discussion and for continuing education.

TELC LANGUAGE CERTIFICATES FOR MEDICAL PROFESSIONALS

The European Language Certificates TELC are a system of language examinations based on the Council of Europe's framework for language learning.

The new TELC language examinations for doctors and nursing professionals help medical professionals from abroad to obtain recognition of their professional qualifications. They give immigrant doctors and nursing professionals the opportunity to demonstrate their specialist language competencies.

Both examinations are based on practical examples from everyday medical and nursing professional life.

Deutsch B1–B2 Pflege (German B1–B2 Nursing)

- Communicating successfully with patients, medical professionals, and relatives
- Understanding service instructions, nursing anamneses, and care-related dialogues
- Creating written nursing documentation
- Receptive and productive communication in hospital and elderly care

Deutsch B2–C1 Medizin (German B2–C1 Medicine)

- Successfully conducting conversations between medical professionals and patients
- Effectively communicating with nursing staff
- Writing medical correspondence
- Using medical specialist language purposefully

Advantages

- High quality and recognition in medical institutions
- Proof of language proficiency for professional recognition
- Rapid professional integration

Examination dates and costs on request.

CERTIFICATES AND PREPARATION COURSES

Enhancing language competency

Flying Teachers is a recognised examination centre for national and international language certificates, including TELC, fide, the Cantonal German Test (KDE) and Basic Knowledge Test (GKT) – Naturalisation Canton of Zurich, as well as globally established qualifications such as TOEFL and IELTS.
