# WELCOME TO FLYING TEACHERS

## Tutoring tailored to your needs

Young learners have different starting points, goals and challenges. That is why we focus on a careful analysis of the student's situation, individual learning objectives, and tailor-made solutions. Together with the students and their parents, we develop a personalised learning plan and continuously adapt the learning process through regular progress reports.

Our support is aimed at pupils, vocational trainees and students of all levels of secondary and tertiary education, whether in the Swiss system or in international schools (IB, IGCSE, A-Levels, etc.). It covers preparation for the entrance examination for the Swiss Gymnasium or BMS, as well as for fide, telc and other examinations. We offer support for the Swiss Matura or vocational qualification examination (QV), for acquiring a federal certificate or diploma as well as German language courses for integration purposes. For students in international schools, we provide targeted tutoring in IB subjects, IGCSE, A-Levels, AP courses, and more. Our offers range from tailor-made individual lessons to group and intensive courses.

For almost three decades, Flying Teachers has been your reliable tutoring partner. Our experienced and qualified teachers accompany the students with dedication, support them in their learning progress in a targeted way, and are always available as competent education experts.

Anita Kocsis

Qualification: German and Romance Languages (Masters)

“ I have been working at Flying Teachers since 2012 and have many years of teaching experience in the field of German as a Foreign Language (DaF). I support the learning development department in Zurich. I am also happy to help with Multicheck examination preparation.”

# WHY SHOULD I CHOOSE FLYING TEACHERS?

## Free placement tests in German, French and Mathematics available online

Suitable for primary, secondary and “Gymnasium” pupils.

[www.flyingteachers.com/en/placement-test](http://www.flyingteachers.com/en/placement-test)

## Individual tutoring

Would your child like to improve their grade in a particular subject? Or prepare specifically for an exam? Then you've come to the right place! Building on the strengths of the student and closing gaps is a proven recipe for success, helping your child gain confidence and progress in school, whether in the Swiss system or an international curriculum.

## Preparation courses

Would your child like to successfully prepare for the Gymnasium entry exam? Are final exams just around the corner? Does your child need help with IB, IGCSE, or A-Level exams? Teachers offers optimal preparation for a wide range of exams.

## All subjects offered

- Mathematics
- Sciences: Chemistry, Physics, Biology (including IB and IGCSE Sciences)
- Languages: French, German, English, Italian, Spanish, Latin
- Third languages: Mandarin Chinese, Arabic, Russian, Portuguese, Japanese, and more on request

- Humanities: History, Geography, Economics, Business Studies
- Computer Science, IT, Statistics, Accounting
- Other subjects on request

## Academic support/tutoring

Flying Teachers offers academic support in all school subjects and at all school levels. This classic tutoring is entirely focused on the pupil's strengths and weaknesses. If it's about working through a specific topic or getting help with homework, you've come to the right place.

## Homework just for your child

Your child receives approximately 30–90 minutes per subject per week. Self-study is important and a valuable complement to in-person lessons. It increases active practice time. Thorough homework review ensures the learning effect.

# GROUP, INDIVIDUAL OR ONLINE LESSONS?

## Difficult? Not with us!

Every person is unique and learns differently. Our qualified teachers help exactly where it is needed. All our offerings can be booked as a group course or as individual lessons.

### **Group lessons – Maximum 6 pupils per group**

In group lessons, many social formats are possible (individual, partner, group, plenary work) and teaching can be further individualised through the use of varied methods or the distribution of additional learning materials to individual pupils.

### **Individual lessons at home or in the classroom**

In individual tutoring lessons, learners choose the day, time and location throughout Switzerland. Depending on what is needed, single lessons or long-term support can be booked. Individual lessons are particularly suitable when larger gaps in the curriculum need to be addressed.

### **Online lessons**

Online lessons require no specific digital know-how. Our staff provides support with the necessary steps for installing the software used. Direct communication promotes and ensures exchange.

# FLYING TEACHERS TUTORING

## Exactly the right fit for your child

Flying Teachers has been supporting pupils from primary school, lower secondary (Sekundarstufe I) and upper secondary level (Gymnasium, FMS, HMS, BMS) as well as vocational trainees in various subjects for almost three decades. We now also offer specialised tutoring for students attending international schools in Switzerland.

**Individual support in small groups or individual lessons**

max. 6 pupils per group

**Whenever, wherever and however you want**

At your home  
or in the classroom

**Online materials for independent learning at home**

**Top-notch learning tools**

**Also available as online lessons**

**Engaging lessons and a positive learning atmosphere**

**Qualified and experienced teachers**

**Solution-oriented advice**

**Regular progress reports and parent meetings**

**Affordable courses**

**Prices and dates:**

[www.flyingteachers.com/en/students](http://www.flyingteachers.com/en/students)

## TAILORED INDIVIDUAL LESSONS FOR ALL SUBJECTS AND LEVELS

### Does your child need support with learning?

**Swiss curriculum subjects:** French, German, English, Italian, Spanish, Mathematics, Chemistry, Biology, Business, Accounting, IT, Statistics and others on request.

**International school subjects:** IB Mathematics (AA & AI), IB Sciences, IB Economics, IB History, IB Psychology, IGCSE core subjects, A-Level Mathematics, A-Level Sciences, A-Level Humanities, AP courses, and more.

Our tutoring help your child strengthen their skills in the chosen subject and better understand the learning material. We provide tips and tricks to make learning more enjoyable and to increase enthusiasm for the subject matter.

We create a tailored learning plan based on the relevant curriculum , whether Curriculum 21 (Lehrplan 21), IB Diploma Programme guide, IGCSE syllabus, or A-Level specification and the student's individual learning needs.

All our teachers are trained professionals with teaching experience and in-depth knowledge of both the Swiss education system and international examination formats.

# ENTRANCE EXAMS FOR CANTONAL AND SECONDARY SCHOOLS

The next milestone in your child's educational journey starts now!

The transition to a Swiss Gymnasium or "Mittelschule" is an important milestone in your child's education. The entrance exam is a significant challenge.

With structured preparation and realistic exam simulations, your child can fully realise their potential and approach the entrance exam with confidence.

Timely preparation helps your child successfully master the entrance exam

## ENTRANCE EXAM SIMULATION SHORT-TRACK GYMNASIUM

### Is your child ready for the short-track Gymnasium entrance exam?

We prepare your child specifically for the short Gymi entrance examination, identify learning gaps at an early stage, and build confidence and self-assurance for a successful exam.

**Target group: This course is aimed at pupils in the 2nd and 3rd year of secondary school (Sekundarschule) who wish to obtain the Matura at a short-track Gymnasium in Zurich.**

Duration: 225 minutes

**Price: We are happy to provide you with an offer.**

## ENTRANCE EXAM SIMULATION LONG-TRACK GYMNASIUM

### Is your child ready for the long-track Gymnasium entrance exam?

We prepare your child specifically for the long-term grammar school entrance exam, identify learning gaps early, and build confidence and self-assurance for exam success.

**Target group: This course is aimed at pupils in 6th primary school who wish to obtain the Matura at a long-track Gymnasium in Zurich.**

Duration: 165 minutes

**Price: We are happy to provide you with an offer.**

## PREPARATION COURSE ENTRANCE EXAM ZURICH AND BERNE SCHOOL-ACCOMPANYING

### Is your child ready for the entrance exam (short-track Gymnasium, long-track Gymnasium, BMS, IMS, FMS)?

Our preparation course for the entrance exam in Zurich and Berne is specifically aimed at pupils who wish to prepare optimally for their upcoming entrance exam (short-track Gymnasium, long-track Gymnasium, BMS, IMS, FMS). In this intensive course, your child will get to know various possible exam tasks and scenarios and simulate exams to prepare optimally. Our experienced teachers guide pupils through the course and identify gaps, which we close together in a targeted manner so that your child gains more confidence and can successfully pass the entrance exam.

**Target group: This course is aimed at all pupils seeking optimal preparation for their entrance exam, regardless of the school type (short-track Gymnasium, long-track Gymnasium, BMS, IMS, FMS).**

Duration: 17 days

**Price: We are happy to provide you with an offer.**

**All our teachers are qualified and certified professionals with teaching experience and in-depth knowledge of the Swiss education system.**

# GYMNASIUM ADMISSION PROCESS IN ZURICH AND BERNE

## For Zurich

You can also register your child directly at the relevant Gymnasium here. This is generally possible from mid-November, until usually early February. The exam is generally at the beginning of March. Upon timely registration, the exact date will be confirmed again.

To register for the Gymnasium entrance exam in Zurich, you need to:

1. Purchase a PIN. This is an access code. You can obtain the PIN at the Gymnasium information evenings or purchase it from the school secretariat. The PIN costs CHF 50.–.
2. Register your child online at [www.zentraleaufnahmepruefung.ch](http://www.zentraleaufnahmepruefung.ch)
3. After completing the online registration, send all required documents by mail. These include: a copy of an official proof of age, school report confirmation (depending on your child's prior education), and possibly further documents as specified by your chosen school.

The binding dates can be found at:  
[www.zentraleaufnahmepruefung.ch](http://www.zentraleaufnahmepruefung.ch)

## For Bern

In the first semester of the second and third years of secondary school, a recommendation process takes place at public secondary schools. The entrance examination for admission to the first year of the Gymnasium programme (GYM1) takes place each year in March. Interested pupils without a recommendation can register online by 15 February. Please note that French remains a compulsory subject in the canton of Bern. Pupils who wish to transfer to the Gymnasium with the help of a recommendation can register for the recommendation process on the website of the Directorate of Education no later than 1 December.

Registration for upper secondary level (GYM, BM, FMS, WMS, IMS)  
<https://cutt.ly/DtLr2CCW>

# TUTORING FOR GYMNASIUM

Is your child attending a Gymnasium and needs tutoring in a particular subject? We offer support. Fast, competent and straightforward.

## PREPARATION COURSE FOR THE NEXT SCHOOL YEAR

### Is your child prepared for the next school year?

Your child has passed the exams but still has uncertainties in certain subjects. At Flying Teachers, your child can now close any gaps. This allows your child to start the new school year with greater confidence.

Duration: 15 lessons of 60 minutes each

**We are happy to provide you with an offer.**

## PREPARATION COURSE FINAL EXAMS ZURICH AND BERNE

### Is your child well prepared for the final exams (Matura, BMS, IMS, FMS, QV)?

In our tailored preparation course, we prepare your child for the upcoming final exams in Zurich. Your child will get to know various possible exam tasks and scenarios and simulate exams to prepare optimally. Our experienced teachers guide pupils through the course and identify gaps, which we close together so that your child can approach the final exam with greater confidence.

**Target group: This preparation course is aimed at graduates from the Gymnasium, BMS, FMS or IMS as well as vocational trainees who wish to prepare optimally for their final exams.**

Duration: 10 lessons of 45 minutes each

**We are happy to provide you with an offer.**

# SUPPORT FOR INTERNATIONAL SCHOOLS (IB, IGCSE, A-LEVELS, AP)

## Does your child attend an international school?

Flying Teachers now offers specialised tutoring for students following international curricula. Whether your child is at an IB World School, a British international school (IGCSE, A-Levels), an American school (AP), or any other international programme, we have the expertise to help.

### Subjects we cover for international schools

- **IB Diploma Programme (DP):** Mathematics (AA & AI HL/SL), Physics, Chemistry, Biology, Economics, Business Management, Psychology, History, Geography, English A/B, French B/ab initio, German, Spanish, and other Group 2 languages.
- **IGCSE:** All core subjects (Mathematics, Sciences, English, Foreign Languages, Humanities, Computer Science).
- **A-Levels:** Mathematics, Further Mathematics, Physics, Chemistry, Biology, Economics, Business, Psychology, History, English Literature.
- **AP (Advanced Placement):** Calculus, Statistics, Physics, Chemistry, Biology, Micro-economics, Macroeconomics, Psychology, English Language, and more.
- **International School Entrance Exams:** Preparation for admissions tests.

### Exam preparation for international qualifications

- IB internal assessments and final exams
- IGCSE and A-Level exams (Cambridge)
- AP exams (College Board)

Our teachers have experience with the specific assessment formats, marking schemes, and expectations of each programme. We offer flexible scheduling, online or in-person lessons, and regular progress tracking.

We are happy to provide you with a personalised offer for your child's international school needs.

# SUPPORT FOR ADDITIONAL LANGUAGES

## Does your child want to pick up a third (or fourth) language?

In today's globalised world, speaking multiple languages is a tremendous advantage. Many children attend bilingual or multilingual schools, and some simply wish to explore a new language out of interest or for future career plans.

Flying Teachers offers third language instruction for children and teenagers – whether they need support with an additional language at school or want to start from scratch.

## Languages we offer

- **European languages:** French, German, English, Italian, Spanish, Portuguese, Russian, Dutch, Swedish, Polish, Greek
- **Asian and Middle Eastern languages:** Mandarin Chinese, Japanese, Korean, Arabic, Bahasa Indonesia/ Melayu, Hindi, Turkish, Urdu
- Other languages on request (e.g., Latin for advanced learners or special needs)

## Our approach

- Fun, engaging lessons designed for young learners (age 6–18)
- Focus on speaking, listening, reading, and writing – adapted to the child's pace
- Alignment with school curricula (e.g., IB Language ab initio, Language B, IGCSE Foreign Languages, A-Level Languages) or purely conversational learning
- Homework help and exam preparation for language certificates (DELF, DELE, Goethe-Zertifikat, HSK, JLPT, etc.)

## Why learn with Flying Teachers?

- Experienced, native or near-native teachers
- Flexible scheduling (after school, weekends, holidays)
- Online or in-person at your home or our training centres
- Affordable rates and free placement test available

**Give your child the gift of multilingualism. Contact us today to discuss which language and which level suits them best.**

# TUTORING FOR APPRENTICESHIPS

Is your child applying for their dream apprenticeship position, or have they already started their apprenticeship and need support in their schoolwork?

A successful apprenticeship lays the foundation for a successful future but the academic component can be demanding. With the support of Flying Teachers, this challenge is mastered successfully.

## PREPARATION COURSE MULTICHECK

### Is your child ready to successfully apply for their desired apprenticeship position?

Many employers carry out a Multicheck aptitude analysis before accepting apprentices. To help your child perform well, Flying Teachers has developed a suitable preparation course. With specially developed learning materials, your child can practise at home alongside the course and thus increase their chances of securing their dream apprenticeship.

All our teachers are qualified professionals with teaching experience and in-depth knowledge of the Swiss education system and examination formats.

**Target group: Pupils in 2nd and 3rd year secondary school who are pursuing vocational training/apprenticeship and wish to apply for an apprenticeship position. Regardless of whether your child already has a specific career in mind or is still unsure, the course specifically prepares them for the application and aptitude test.**

Duration: 2 lessons of 60 minutes (group of max. 10)

**We are happy to provide you with an offer.**

## BASIC MATHEMATICS FOR THE APPRENTICESHIP

### Is your child ready for the math requirements of the apprenticeship?

Many apprenticeships place high demands on trainees regarding maths, and prior knowledge is often insufficient to keep up with the pace of learning at vocational school, in the company or in inter-company courses. Together we develop an individual learning plan tailored to the apprenticeship position and personal needs and provide targeted help in closing knowledge gaps. Our teachers are experienced professionals with sound knowledge of the vocational training system and are familiar with the challenges of a demanding apprenticeship.

**Duration and price: We are happy to provide you with an offer.**

## BASIC GERMAN FOR THE APPRENTICESHIP

### Is your child ready for the German language requirements of an apprenticeship?

Is your child prepared for the German language requirements of an apprenticeship?

Confident oral and written expression, as well as strong reading skills, are essential for a successful apprenticeship. Existing language skills are often not sufficient to keep up with the linguistic demands of vocational school, the training company, or intercompany courses.

Together, we develop an individual support plan tailored to the apprenticeship position and the student's personal learning needs. This helps improve reading and writing skills while expanding vocabulary with the terminology used in the training company, vocational school, and intercompany courses.

Our teachers are experienced professionals with in-depth knowledge of the vocational education and training system and understand exactly which skills are crucial for a successful start.

**Duration and price: We are happy to provide you with an offer.**

# CERTIFICATE EXAMS AND FINAL PAPERS

Flying Teachers prepares you for the following certificate exams and also administers them as an accredited examination centre:

- ICDL (International Certification of Digital Literacy)
- SAT (Scholastic Assessment Test)
- GMAT (General Management Admission Test)
- GCSE (General Certificate of Secondary Education)
- IELTS (International English Language Testing System)
- TOEFL (Test of English as a Foreign Language)
- Cambridge Exams (preparation)
- telc (Test of European Language Competences)  
for children and young people
- CCIP (La Chambre de Commerce et d'Industrie de Paris)
- DFP (Diplôme Français Professionnel)

Preparation courses fide (A1–B1)

In our fide preparation course, we support you step by step on the way to your certification. You practise both the written and oral parts of the exam format with authentic tasks and practice tests. You receive personal feedback, valuable tips and targeted corrections so that you can enter the exam with confidence.

Duration: 2 lessons of 60 minutes each

Price: We are happy to provide you with an offer.

Preparation courses are available at any time on request

Preparation Courses telc

The European language certificates telc are a system of language examinations aligned with the Council of Europe's Common European Framework of Reference for Language Learning. Different skills are tested at various levels in several languages. The examinations are organised Europe-wide according to uniform administration regulations and centrally evaluated using identical assessment criteria. The certificates are recognised worldwide.

Price: We are happy to provide you with an offer.

Register at [office@flyingteachers.com](mailto:office@flyingteachers.com) or 044 441 823 30

## Computer Courses for Young People

Want to brush up on your computer skills? We can help.

- User course for all those who need to complete a computer-based aptitude test (e.g. Multicheck).
- ICDL (International Certification of Digital Literacy).

## German Group and Intensive Courses

German language skills are an important requirement, both for academic success and for integration in everyday life. Our tailor-made teaching approach helps to strengthen skills and understand the subject. All our teachers are qualified professionals with teaching experience and in-depth knowledge of the Swiss education system and examination formats.

Choose from our wide range of German group and intensive courses.  
Prices and dates at:

**[www.flyingteachers.com/en/language-courses](http://www.flyingteachers.com/en/language-courses)**

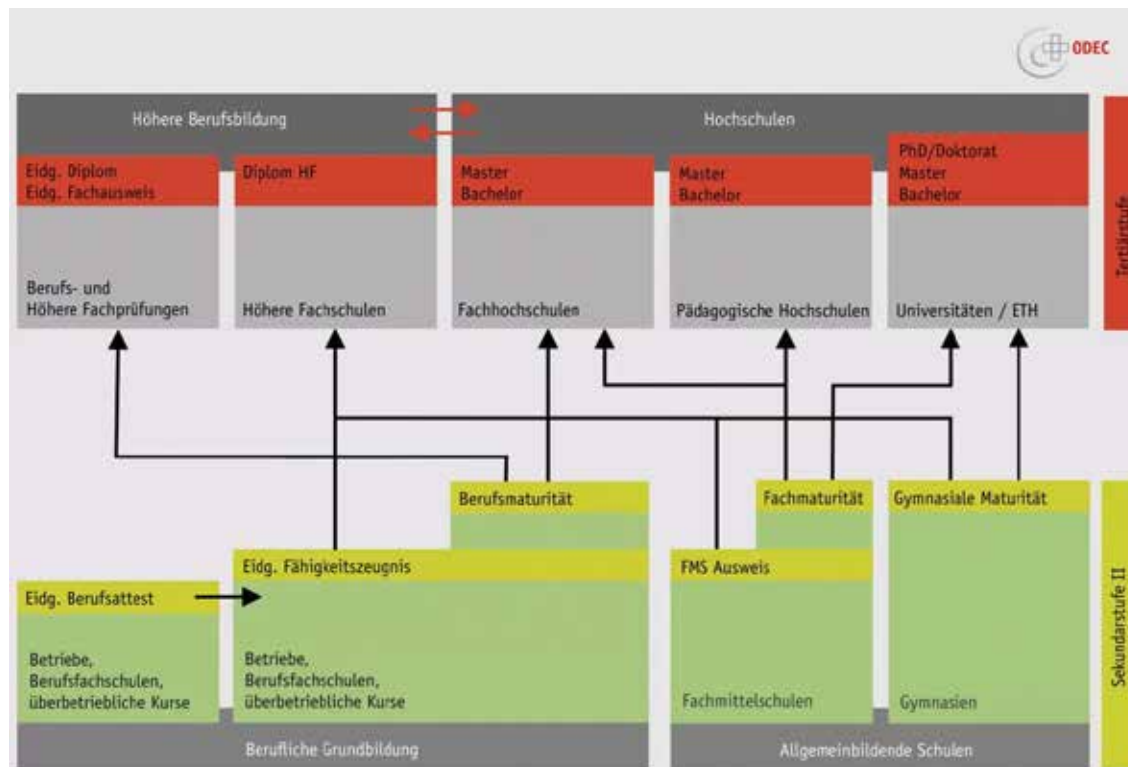

## Proofreading with Consultation Session(s) for Final Thesis

Flying Teachers supports you in revising final thesis for the Gymnasium, vocational training programmes, or higher education institutions. We proofread and correct your completed paper and discuss our corrections with you. The review sessions are arranged individually. (e.g. Matura thesis, final papers for vocational training programmes, term papers at universities and other higher education institutions.)

# THE SWISS EDUCATION SYSTEM

## The Swiss National Curriculum (Lehrplan 21)

Education in kindergartens, primary schools and secondary schools is based on Curriculum 21 (“Lehrplan 21”). The focus is on competency-based learning. This means that students not only acquire knowledge, but also learn how to apply it and use it to solve tasks and problems.

Individual competencies are developed continuously throughout compulsory schooling. The curriculum defines what students should know and be able to do at each stage. Teachers decide how students will acquire the competencies outlined in the curriculum.

The curriculum is divided into six subject areas: Languages; Mathematics; Nature, Human Beings and Society; Arts and Crafts; Music; as well as Physical Education and Sports. The distribution of lessons across these areas is balanced.

In addition, the curriculum describes competencies for the modules “Media and Informatics” and “Career Orientation”, as well as for “Education for Sustainable Development” and “Cross-Curricular Competencies”.

## ... AND THIS IS WHAT OUR CLIENTS SAY

“ We have been regularly booking our tutoring with Flying Teachers since 2020. The school supports our children competently and with great commitment. Our children's performance has improved significantly. We can recommend Flying Teachers at any time.”

Family Höltschi

“ We are very satisfied with Ms Cortesi. Everything went perfectly – we will definitely be back!”

S. Weber

“ Magda is a dedicated teacher who is even accepted by an unmotivated 13-year-old boy! She succeeds in making French understandable and engaging. Bravo!”

N. Eggmann

“ BMS Preparation: I am very satisfied! We all got on really well with Ms Jäggi, our German teacher. She could explain the topics well and learning became fun again.”

J. Boris

“ BMS Preparation: Ms Stäubli, our French teacher, explained the topics well and clearly. She prepared us very well for the exams.”

L. Voser

“ I wanted to personally thank you for the great course! You really helped me. Even though I was certainly not the best French student, you were the best French teacher!”

J. König

“ BMS Preparation: Ms Besada, our English teacher, is very friendly and a highly motivated and helpful English teacher. The English course was very good. I highly recommend Ms Besada's course.”

D. Funk
